7-4-1: PLAT REQUIREMENTS:

The final plat shall contain the following:

- A. Name of subdivision.
- B. Location by township, section and range, or by other legal description.
- C. Scale one inch to one hundred feet (1" = 100') or larger (shown graphically).
- D. Date and north point.
- E. Boundary of plat, based on an accurate traverse, with angles and lineal dimensions.
- F. Exact location, width and name of all streets within and adjoining the plat. Streets that are obviously in alignment with others already existing and named shall bear the names of the existing streets.
- G. True angles and distances to the nearest established street lines or official monuments (not less than three), which shall be accurately described in the plat.
- H. Municipal, township, county or section lines accurately tied to the lines of the

subdivision by distances and angles.

- I. Radii, internal angles, points and curvatures, tangent bearings and lengths of all arcs.
- J. All easements for right of way provided for public service and utilities. Easements approved by applicable public utility.
- K. All lot numbers and lines, with accurate dimensions in feet and hundredths.
- L. Permanent monument or bench marks shall be placed at all corners and at points of tangency of curve lines along the boundary of the subdivision.
- M. Accurate outlines and legal descriptions of any areas to be dedicated or reserved for public use, with the purposes indicated thereon, and of any area to be reserved by deed covenant for common uses of all property owners.
- N. Building setback lines accurately shown by dimension.
- O. An endorsement on the final plat by the County Clerk, that he finds no delinquent general taxes, unpaid current general taxes, delinquent special assessments or unpaid current special assessments against the land shown thereon.
- P. A summary on its face of all restrictions applicable to any part of said subdivision relating to building restrictions, use restrictions, building lines or otherwise.
- Q. A deed of dedication in the form set out in subsection 7-4-4B.
- R. A blank certificate of approval as set out in Section 7-4-3.
- S. Such final plat may be for a unit of a proposed subdivision provided that:
 - 1. A preliminary plat had previously been approved as to the whole subdivision;
 - 2. Such unit shall contain no less than ten (10) lots if a residential subdivision;
 - 3. Approval by the Village Engineer as to the feasibility of such unit construction;
 - 4. The public improvements for at least one unit shall be submitted and

completed within each calendar year from the date of approval of the final plat for the unit;

5. The plat of each unit shall be submitted to the Plan Commission for its approval;
6. Failure to comply with the terms of this subsection will require resubmission of the requirements of Chapter 3 of this Title.

7-4-2: REQUIRED DOCUMENTS:

Accompanying documents shall consist of:

- A. Approval of subdivider's preparations for improvements required by Chapter 6 of this Title.
- B. Approval by the Plan Commission of names of the proposed streets and of the proposed system of addresses along such streets.
- C. Plans and specifications for the improvements which shall include at least the following:
 1. A title sheet showing the name of the project, section, township, and range, an index of sheets, a tabulation of symbols, location of benchmarks, and a graphic location with respect to nearest traveled streets and roads. (Ord. 66-142-4)
 2. A detailed grading plan indicating the vertical elevations of all houses, lot corners, and points of change in gradient. Directions of flow of surface waters will be delineated with arrows and the gradient of the land indicated above with arrows. Curb elevations will be indicated opposite each lot corner and at all changes in gradient. (Ord. 72-260-4)
 3. A detailed plan of street improvements showing horizontal and vertical locations of all street improvements and including horizontal and vertical locations of all points of curvature, points of intersection, points of tangency, points of vertical curvature, points of vertical intersection, and points of vertical tangency. Radii of intersection of streets will be shown on this plan.
 4. A detailed plan of storm improvements showing horizontal and vertical location of all manholes, catch basins, inlets, headwalls, and the like and indicating lengths, types, and grades and gradients of all storm sewers.

Manholes, catch basins and inlets will be dimensioned from lot corners.

5. A detailed plan of sanitary sewer improvements showing horizontal and vertical locations of all manholes, and indicating lengths, types and grades and gradients of all sanitary sewers. Manholes will be dimensioned from lot corners. (Ord. 66-142-4)
6. A detailed plan of water system improvements indicating horizontal and vertical location of all fire hydrants and valve vaults and showing lengths, sizes, and locations of all water mains. Fire hydrants and valve vaults will be dimensioned from lot corners. (Ord. 72-260-4)
7. Plans and profiles drawn to a scale not to exceed one inch equals one hundred feet (1" = 100') horizontally and one inch to ten feet (1" 10') vertically indicating additional horizontal and vertical location of streets, sewers, appurtenances and the existing grade.
8. Such additional details are necessary to clarify the extent or manner of construction.
9. Detailed material and construction specifications concerning the work to be performed including general conditions of the contract acceptable to the Village.
10. A detailed cost estimate of the work to be performed. (Ord. 66-142-4)
11. A detailed erosion control plan showing clearing, stockpiling, construction sequences, configuration of erosion controls and areas to be landscaped or lawns established. Proposed schedules for restoration must be submitted with the plan. The plan shall be prepared in accordance with the "Procedures and Standards for Urban Soil Erosion and Sedimentation Control in Illinois", latest edition.
12. Existing and proposed cross sections at intervals not more than one hundred feet (100') of proposed roadways where roadway grading and alignments will impact on undisturbed ground must be provided.

Upon receipt of these final plans, the Village Board shall refer same to the Village Engineer for his comments and corrections. The Village Engineer shall review these plans for compliance with the requirements of the Village and shall return them together with his recommendations, to the Village Board. One set of the reviewed plans with suggested changes shall be returned to the subdivider at time of final approval. The Village Engineer may, at his discretion, confer with the engineer for the

developer concerning correction to the final plans prior to his final approval. All final plans shall be submitted on twenty four inch by thirty six inch (24" x 36") size drawings and shall bear the signature and seal of the Illinois registered professional engineer under whose directions they were prepared. No substantial deviations from these plans and specifications will be allowed without the written permission of the Village Board. Field changes will be allowed by the Village Engineer. The Village Engineer shall be empowered to require such field and laboratory tests as may be necessary to insure the quality of the work. The costs of such tests shall be borne by the subdivider. (Ord. 88-1032-64)

- D. Certification by a registered surveyor to the effect that the plat represents a survey made by him and that monuments and markers shown thereon exist as located and that all dimensional and geodetic details are correct in the form set out in subsection 7-4-4A.
- E. Notarized certification by owner or owners, and by mortgages or lien-holder of record, acknowledging the plat and the dedication of streets and other public areas.
- F. Approved by signatures of Village, County and State officials concerned with the specifications of utility installation.
- G. An agreement executed by the owner and subdivider to make and install the improvements provided for in Chapter 6 in accordance with the plans and specifications accompanying the final pat.
- H. Posting of deposit with the Village as required under Section 7-1-6.
- I. Payment to the Village of all review fees and acreage fees.¹
- J. One tracing and one copy of the final plat of the subdivision as executed by the Plan Commission, drawn in ink on tracing cloth. Following execution by the Mayor and the Village Clerk, the subdivider shall provide fifteen (15) copies of such final pat bearing the required signatures.

7-4-3: APPROVAL OF FINAL PLAT:

Within a reasonable time, the Village Board shall, upon motion and majority vote, approve the final plat and authorize the Mayor and Village Clerk to sign the original tracing. The certificates on the final plat shall be in the following
